

College Savings Iowa Celebrates Many Achievements

Have you heard about the latest achievements from [College Savings Iowa](#)? The plan has reached \$6 billion in assets and wrapped up another giveaway, this time for 529 Day! Join me as I discuss the significance of these two achievements and what this means for past, present and future participants.

\$6 Billion Asset Milestone

My office and College Savings Iowa recently announced the plan has reached more than \$6 billion in assets! Families have been investing for future education expenses with College Savings Iowa for more than 20 years, and the plan has continued to grow at a tremendous rate, even during the pandemic, as more Iowans learn about the benefits and trust the plan with their loved ones' futures.

Not only are College Savings Iowa participants saving and investing more, but they've also put their earnings to use – withdrawing over \$3.5 billion to pay for [qualified education expenses](#). By saving with the plan, they are showing support for their loved ones and encouraging them to chase their dreams at [eligible education institutions](#) across the nation and abroad.

529 Day Giveaway

My 529 Day celebration wrapped up in May, which included the College Savings Iowa 529 Day giveaway. Families in each of our 99 counties participated by entering in the giveaway, and I'm happy to know our message about the importance of saving with a 529 plan, such as College Savings Iowa, reached Iowans all around the state.

One winner shared she had once been the recipient of a College Savings Iowa contribution from a past giveaway. Now, years later, she registered on behalf of her daughter who was the recipient of a contribution from the 529 Day celebration! Hearing these stories is one of my favorite aspects of a giveaway, and I congratulate all of the winners for getting a boost to their education savings.
