

Message from the Treasurer – National Unclaimed Property Day Recap

**GREAT IOWA
Treasure
Hunt**

**National Unclaimed Property
Day Celebration**

10,366	New Claims
\$407,494	Largest Claim
\$3,724,027	Total Value

Because of our National Unclaimed Property Day efforts, there are more than 10,000 Iowans and businesses being reunited with their unclaimed property after searching for their name – claiming a total of over \$3 million. One Iowan is being reunited with \$407,494 alone! Pretty impressive if you ask me.

The Great Iowa Treasure Hunt is Iowa's only legitimate unclaimed property program, and as its administrator, I will continue to fight for Iowans and return the money that is rightfully theirs. I celebrated National Unclaimed Property Day with this exact goal in mind and do so every day.

Even though a significant amount of money was returned on February 1, we still have \$489 million waiting to be claimed. Don't worry, it's never too late. Search for your name or business at GreatIowaTreasureHunt.gov; it's free, available 24/7 and takes less than 30 seconds to get started.

Sincerely,

Roby Smith
Iowa State Treasurer
