

RFP NOTICE – PLEASE READ

Due to the coronavirus, we have made a couple of changes to the RFP process:

- 1) We ask that you only send electronic proposals. Due to the logistics of submitting a paper RFP with so many individuals working from home, we believe this is an appropriate step. We also want to limit extra deliveries to our office.
- 2) We will accept electronic signatures instead of original signatures. If your Firm is a finalist, we will ask for an original signature during the contract process.
