

Reflecting on National Disability Employment Awareness Month

October was National Disability Employment Awareness Month (NDEAM)! This nationally recognized initiative brings awareness to working individuals with disabilities and their contributions to America's workforce. To celebrate NDEAM, [IAble](#) created toolkits for employees and employers. The Employment Toolkit allowed individuals to familiarize themselves with the benefits of ABLE plans, especially when employed, as well as learn ways their workplace can be supportive of persons with disabilities. While NDEAM has come to an end, the [toolkits](#) are still available on [IAble.gov](#).
